

# Model Bill: Citizenship Designation on State-Issued Driver's License and Identification Cards

**SECTION 1.** [To be incorporated into state's existing laws governing licenses]

(A) Each driver's license shall include:

- a. If the license is issued to a noncitizen, the license shall display the word "NONCITIZEN" on the front in typeface that is plainly visible and in a size identical to that of the [driver's license number].

**SECTION 2.** [To be incorporated into state's existing laws governing state-issued identification cards]

(A) Each identification card shall contain:

- a. If the identification card is issued to a noncitizen, the card shall display the word "NONCITIZEN" on the front in typeface that is plainly visible and in a size identical to that of the [identification number].

\*For states that provide free photo identification cards for the purposes of voting, a provision using the following language should be added to statutes governing the issuance of these cards:

- (A) The [governmental agency responsible for issuance] shall not issue an [election identification certificate/voter identification card/voter photo identification card] to any person who is not a citizen of the United States.
